

Application Process

1

Application

- Having filled in the necessary areas on the application form, submit it together with the required documents during your application.
- The required documents and information may differ depending on your visa. Please confirm your required documents using the table to the right.

Please be careful as examination will not progress if your documentation is inadequate or your phone call does not connect!

2

Examinations

- **Documentation examination:** Japan Housing Trust performs an examination of the documents submitted.
- **Telephone examination:** We contact the actual person applying, cohabitants, family, friends, and place of employment.

Please inform the applicable people that they will receive a call from Japan Housing Trust!

3

Contract

- We contact the real estate company with the examination results.
- If the examination results in approval, contract procedures begin through the real estate company.
